## 300S

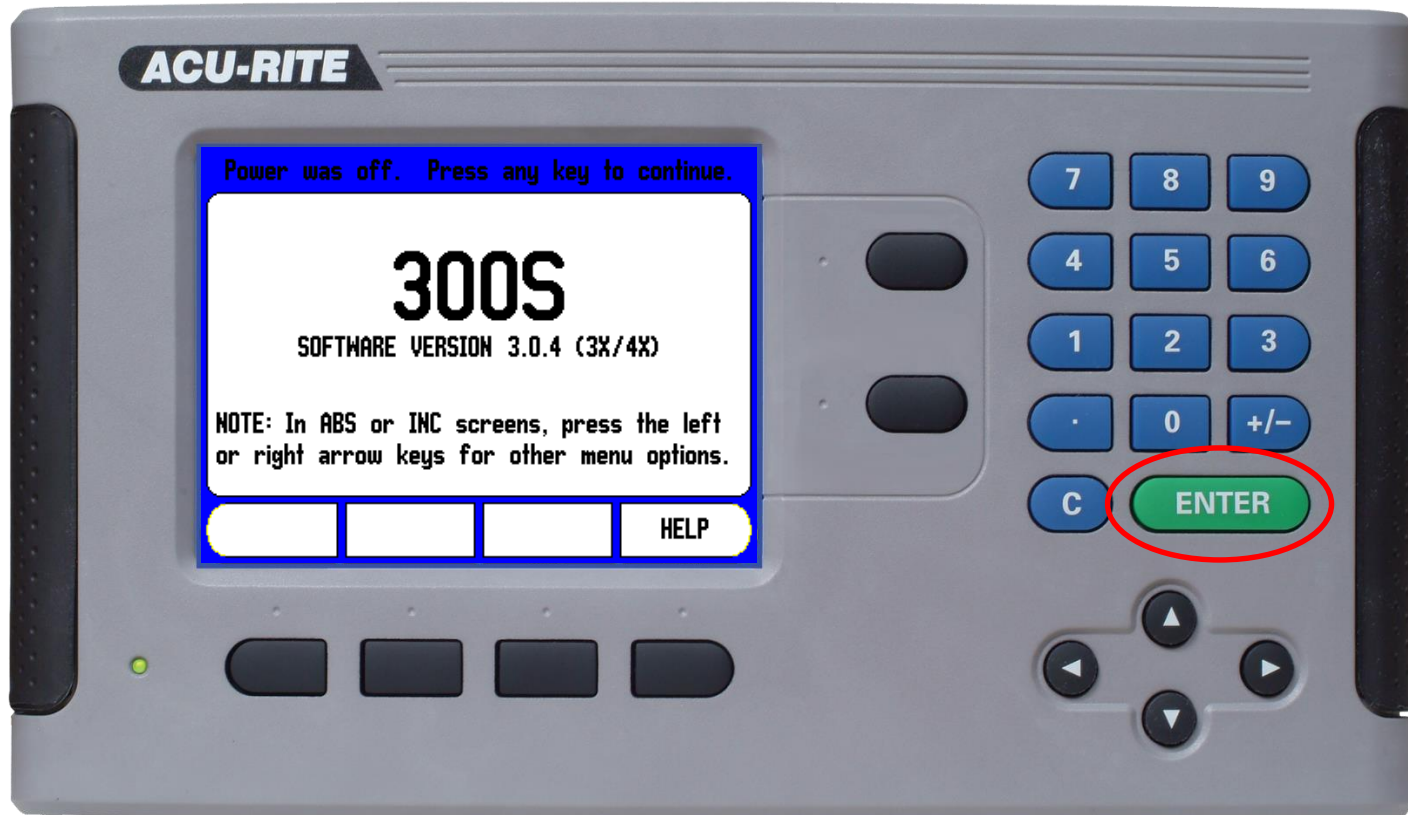

Step-by-Step Instructions for Changing the Count Direction

# ACU-RITE® 300S: Changing Count Direction

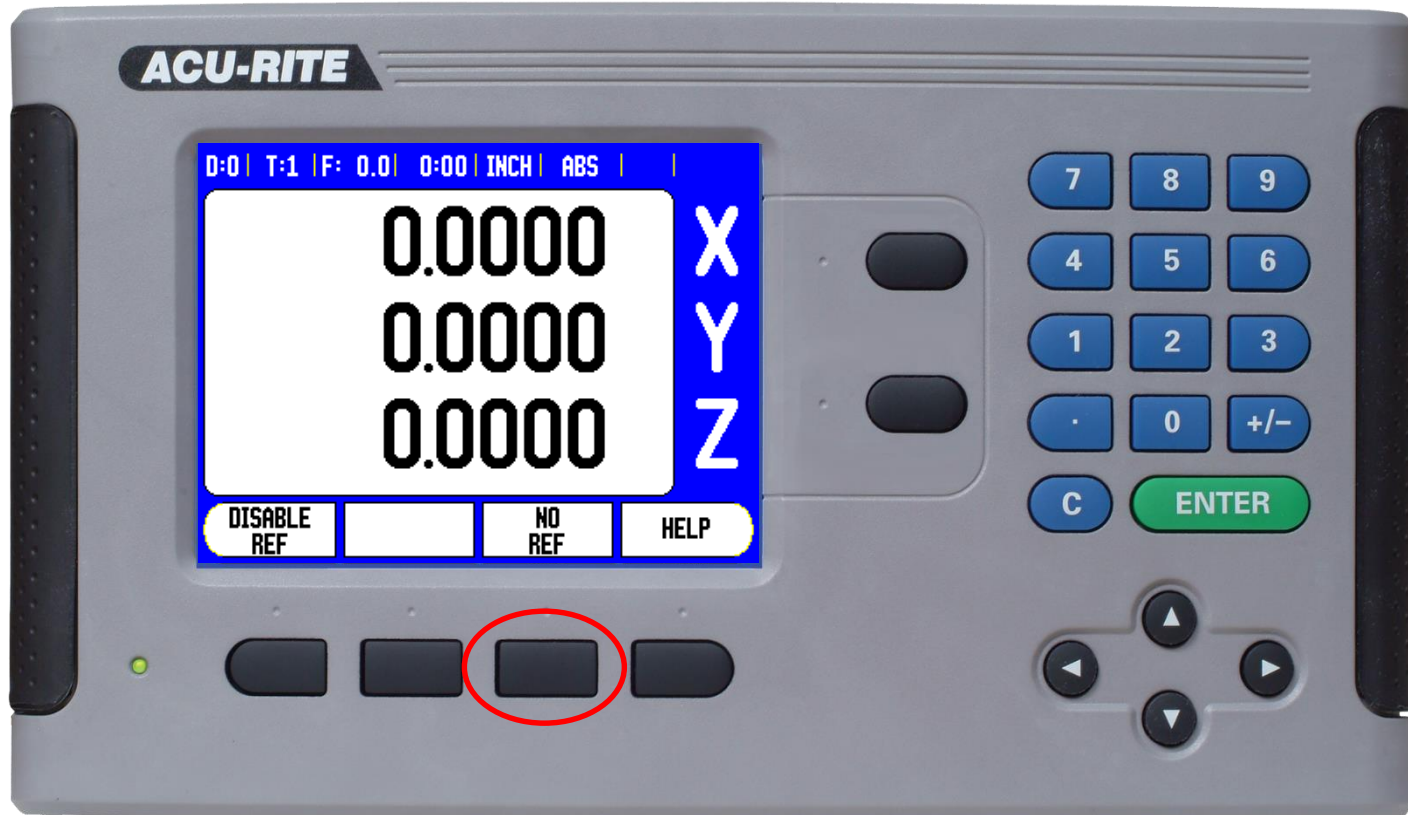

Start with the unit off.  
Or turn it off and wait 10 seconds before you turn it back on.

# ACU-RITE® 300S: Changing Count Direction

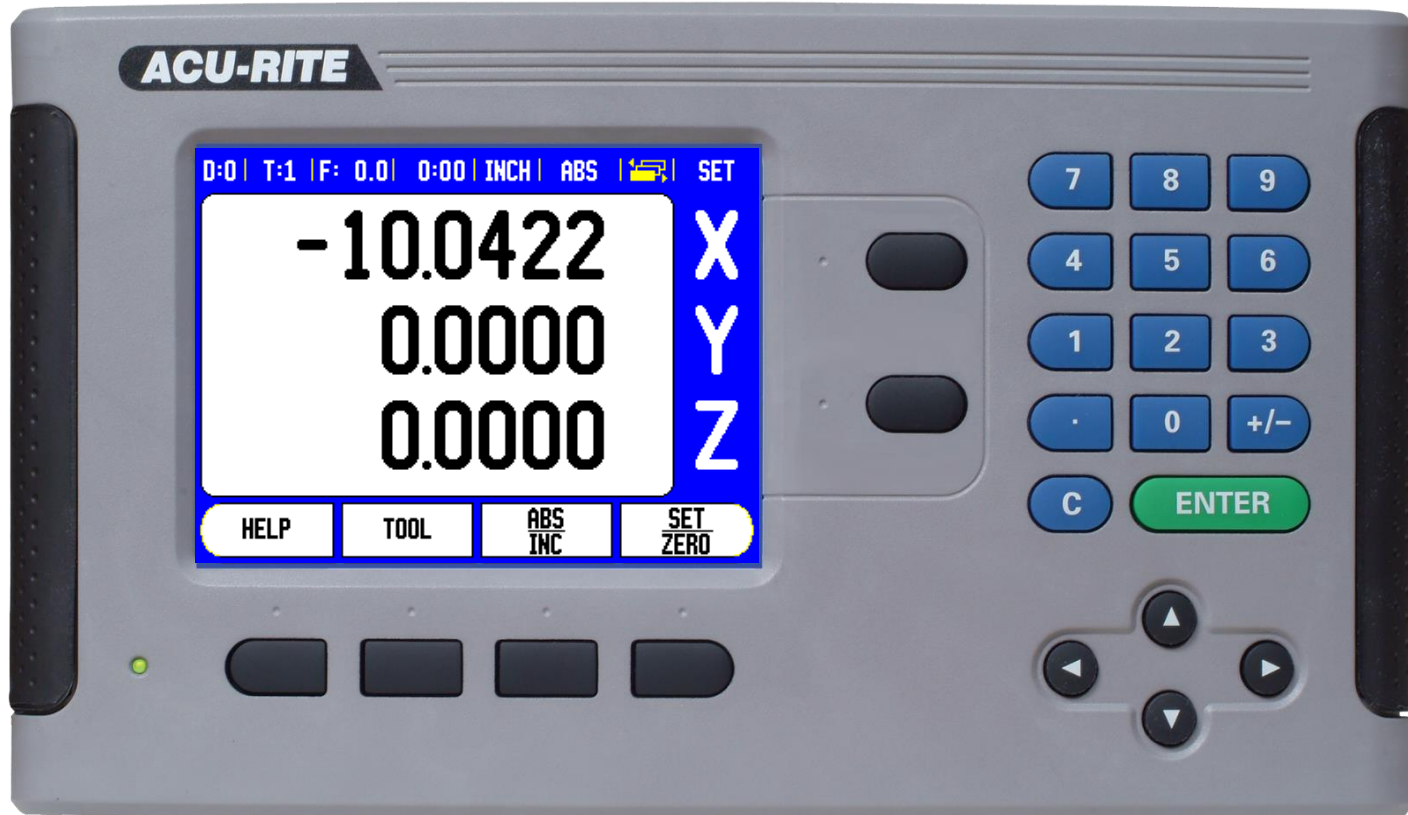

From the home screen, press the **ENTER** key.

# ACU-RITE® 300S: Changing Count Direction

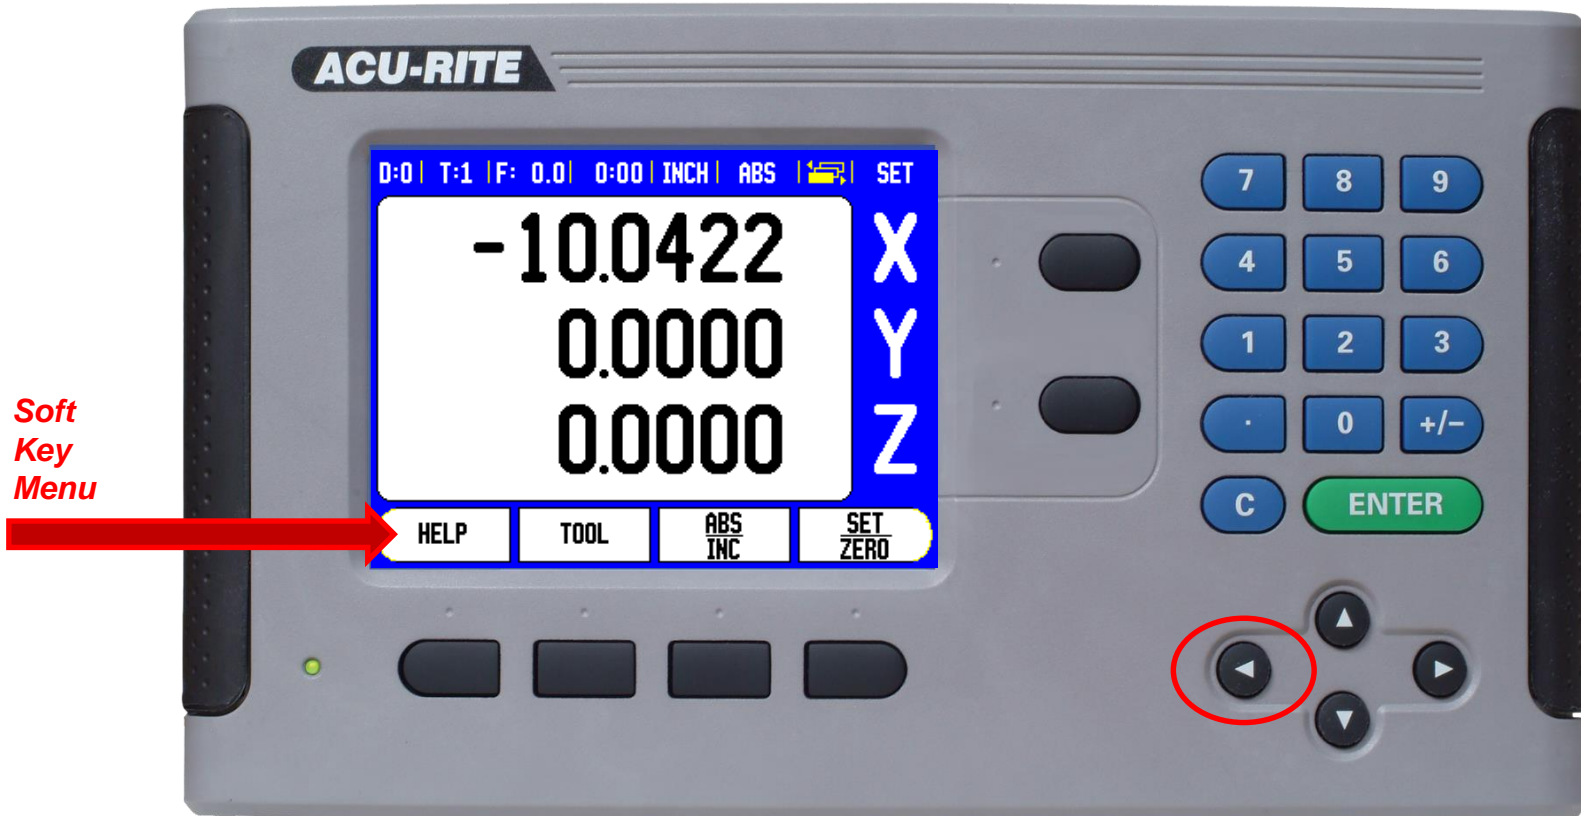

To change the count direction you don't need to reference the scale, so press the "NO REF" soft key.

# ACU-RITE® 300S: Changing Count Direction

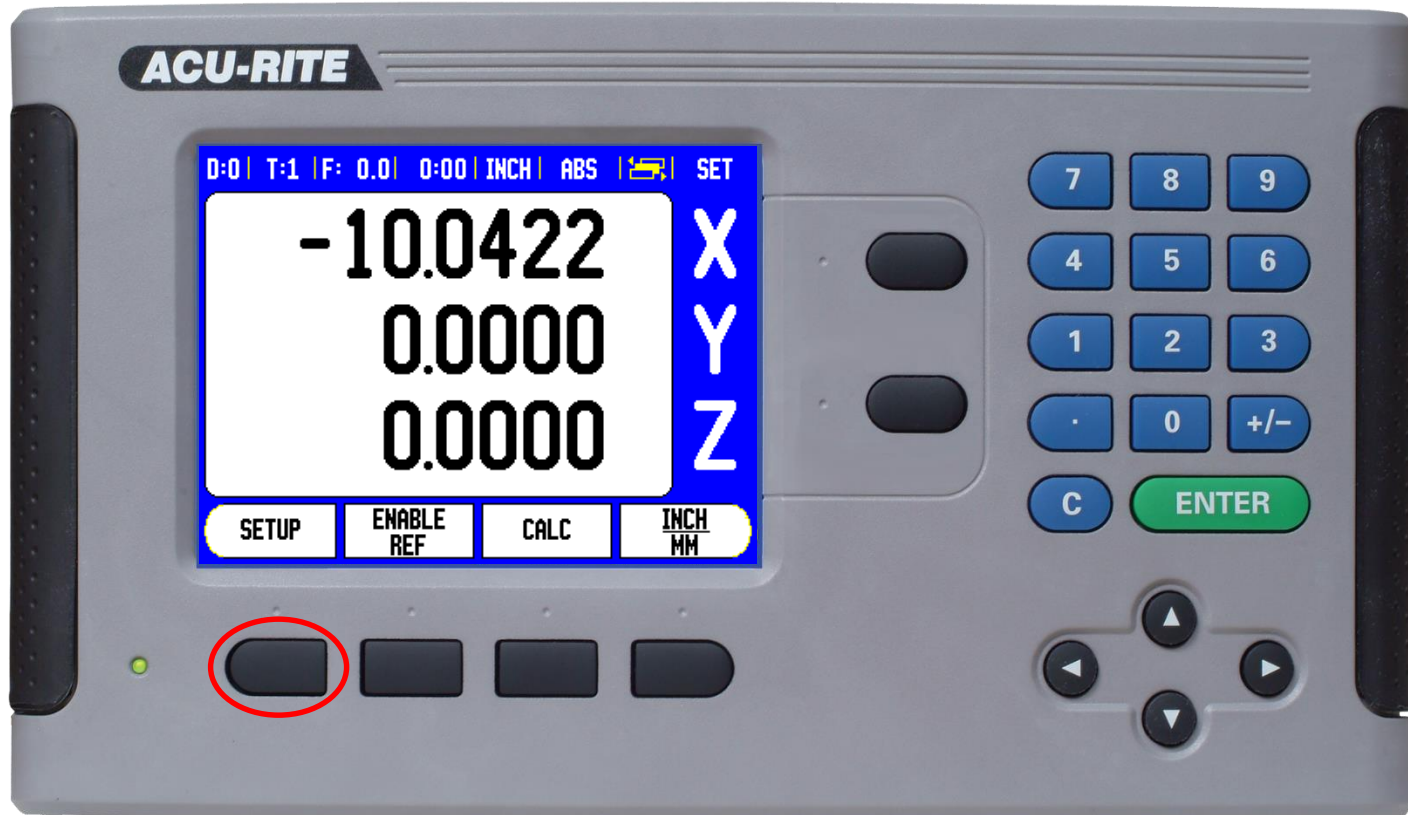

When the axis is moved in the positive direction, the DRO shows a negative number. Here's how to change it.

# ACU-RITE® 300S: Changing Count Direction

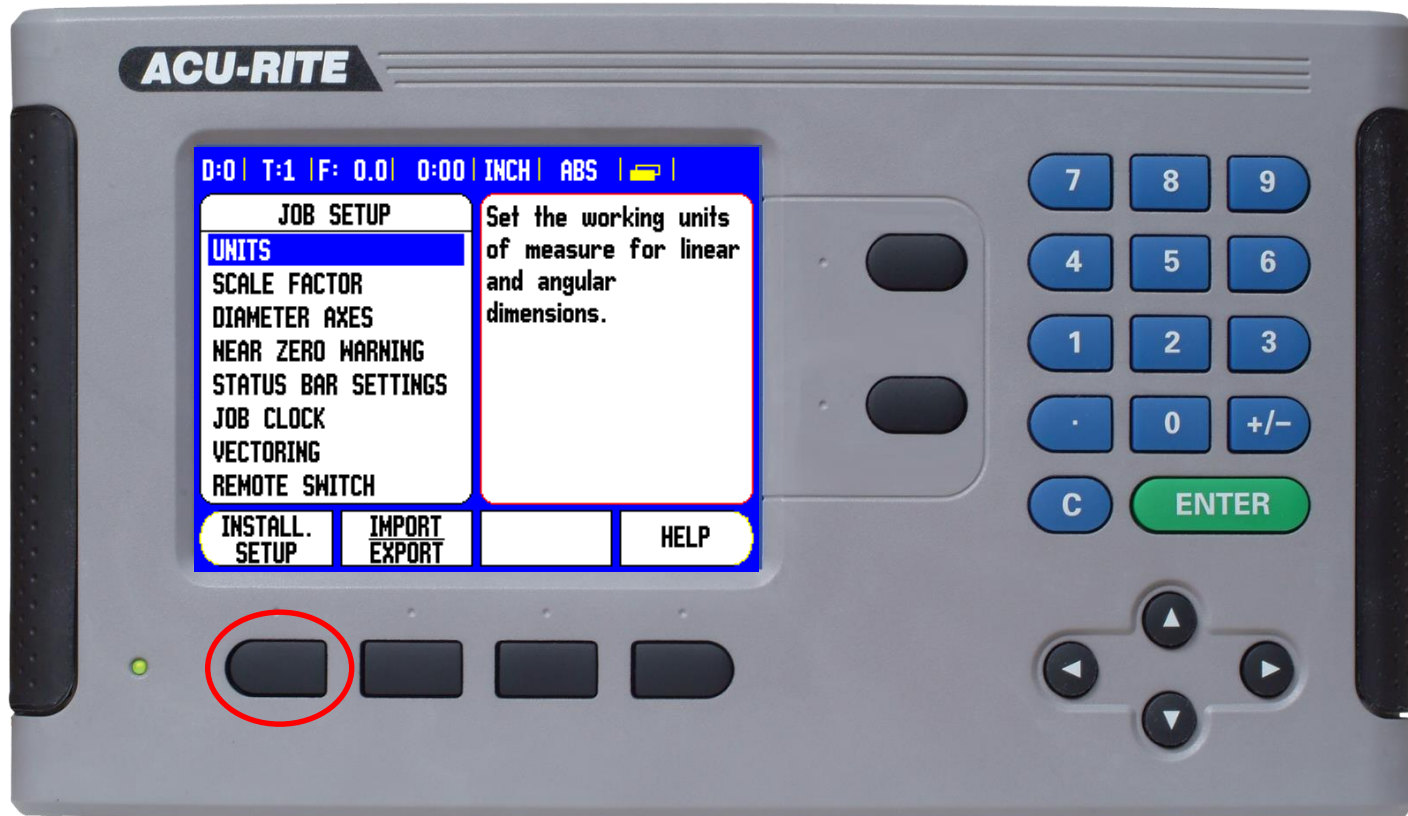

Press the ◀ soft key until the first soft key menu space reads "SETUP."

# ACU-RITE® 300S: Changing Count Direction

Press the “SETUP” soft key.

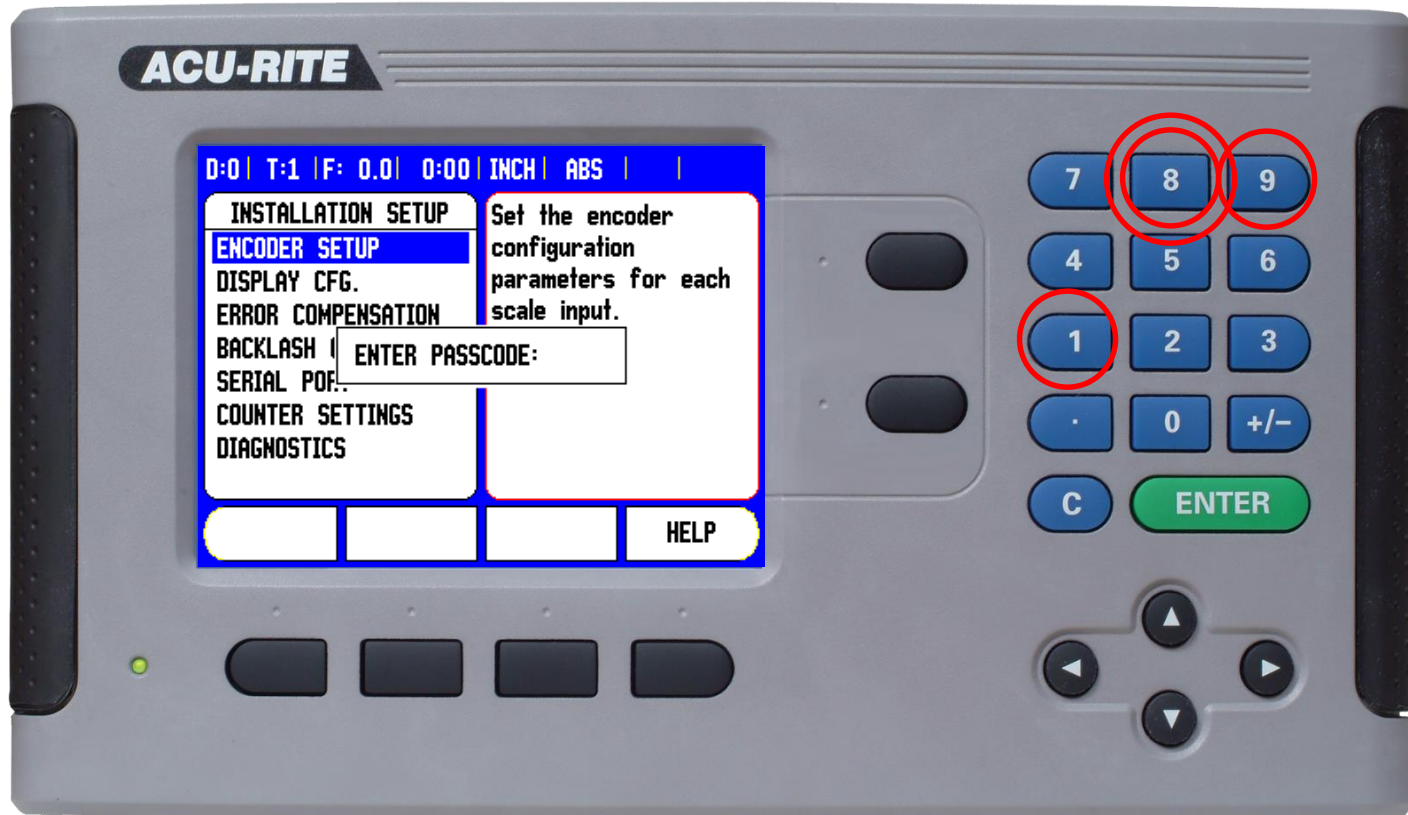

# ACU-RITE® 300S: Changing Count Direction

Press the “INSTALL SETUP” soft key.

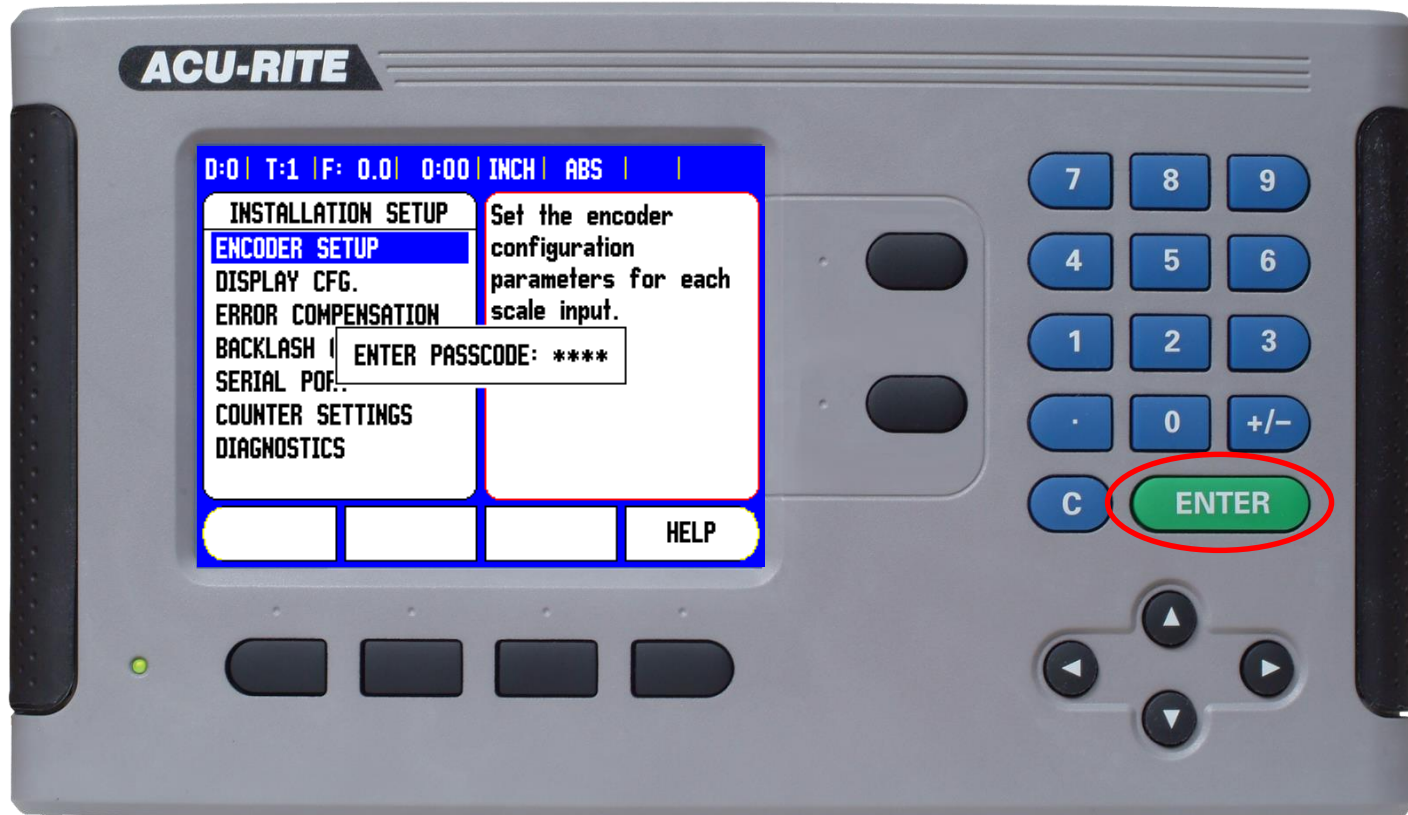

# ACU-RITE® 300S: Changing Count Direction

The DRO asks you for a “PASSCODE.”

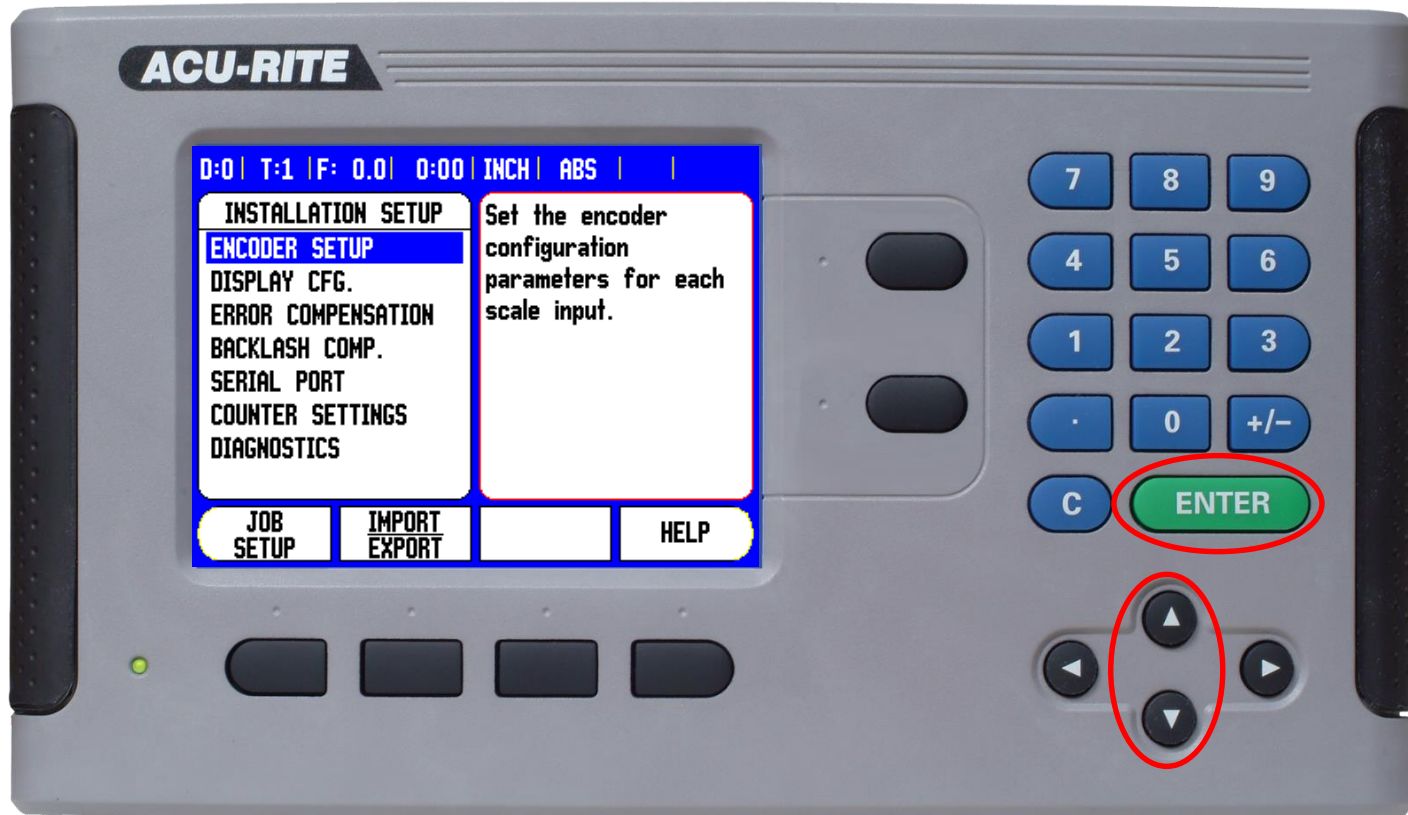

Use the number soft keys and press: **8** **8** **9** **1**

# ACU-RITE® 300S: Changing Count Direction

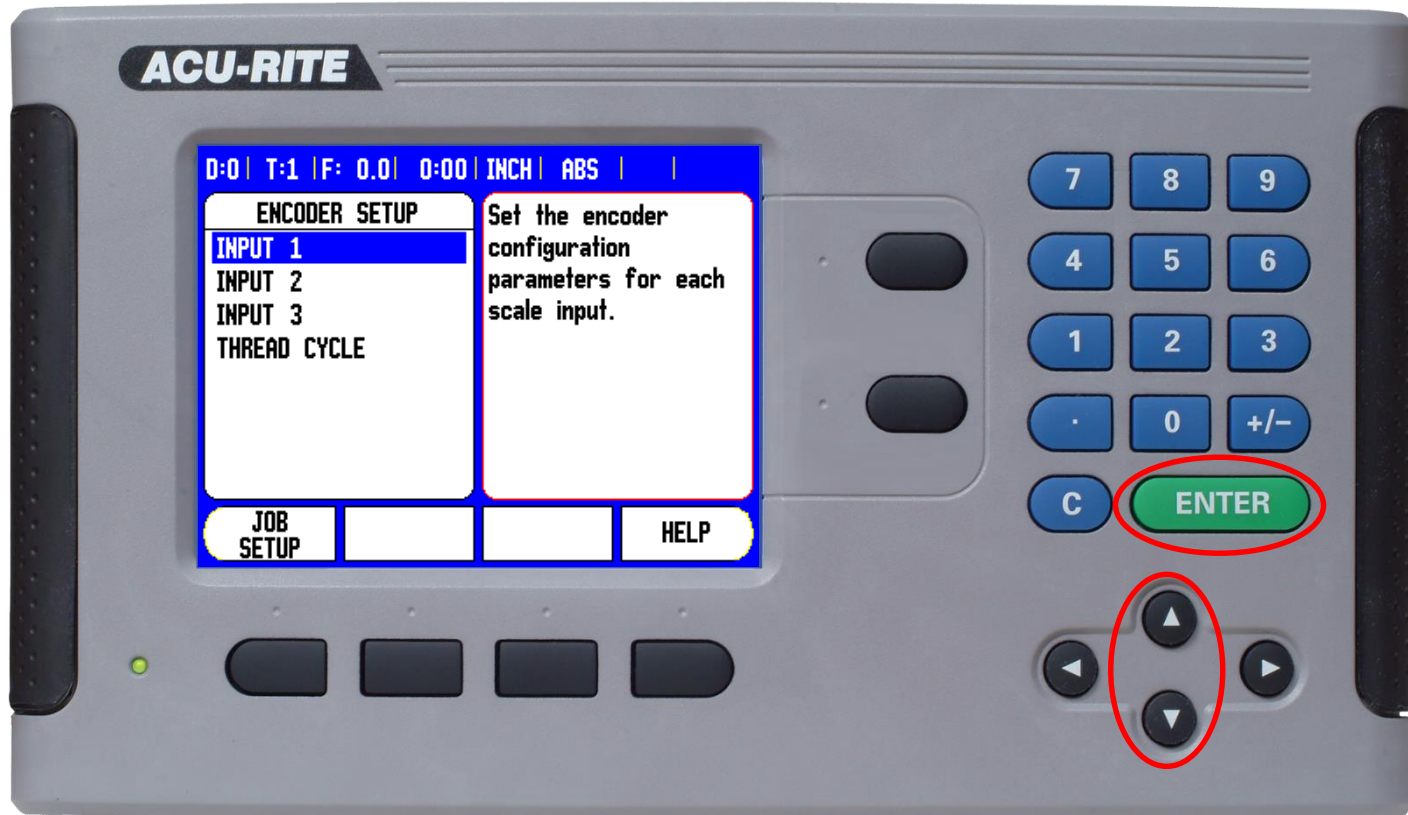

Press **ENTER**

# ACU-RITE® 300S: Changing Count Direction

“ENCODER SETUP” should be highlighted. If it isn’t, use the ▲ or ▼ arrow soft keys to highlight it, and then press **ENTER**

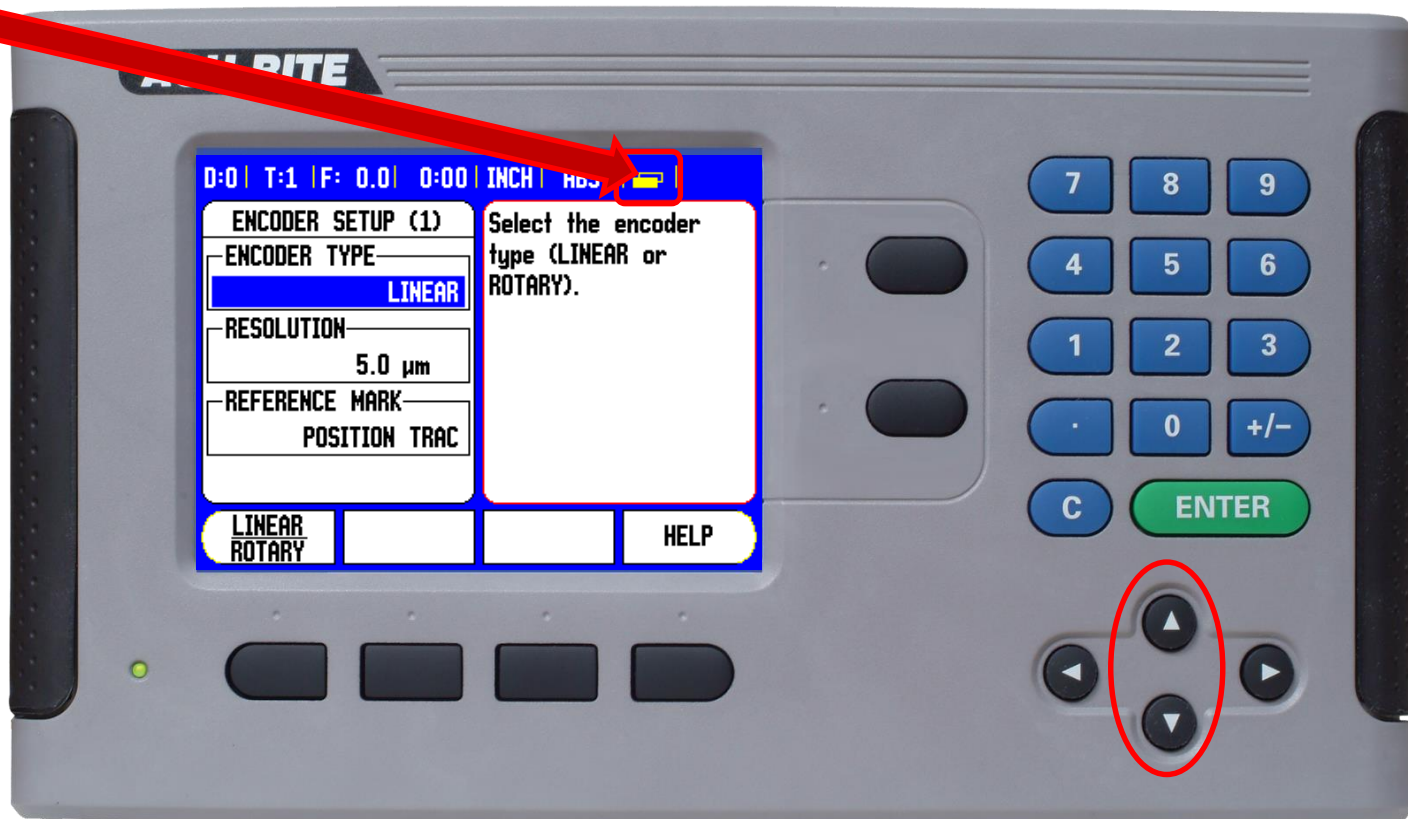

# ACU-RITE® 300S: Changing Count Direction

Use the ▲ or ▼ arrow soft keys to highlight the input axis you want to change. Then press **ENTER**

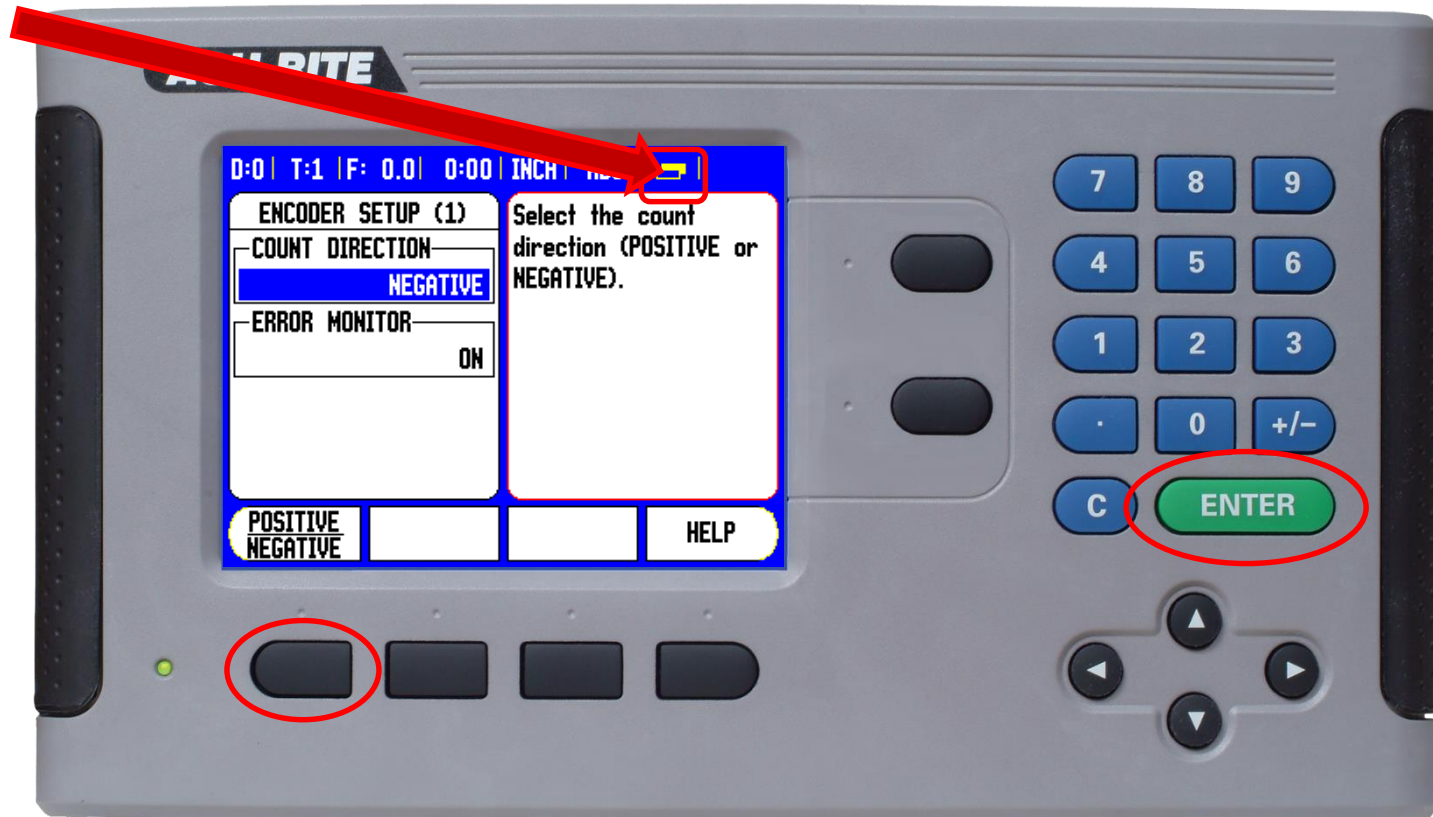

# ACU-RITE® 300S: Changing Count Direction

*This icon shows you how many pages there are in this function and which page you are on.*

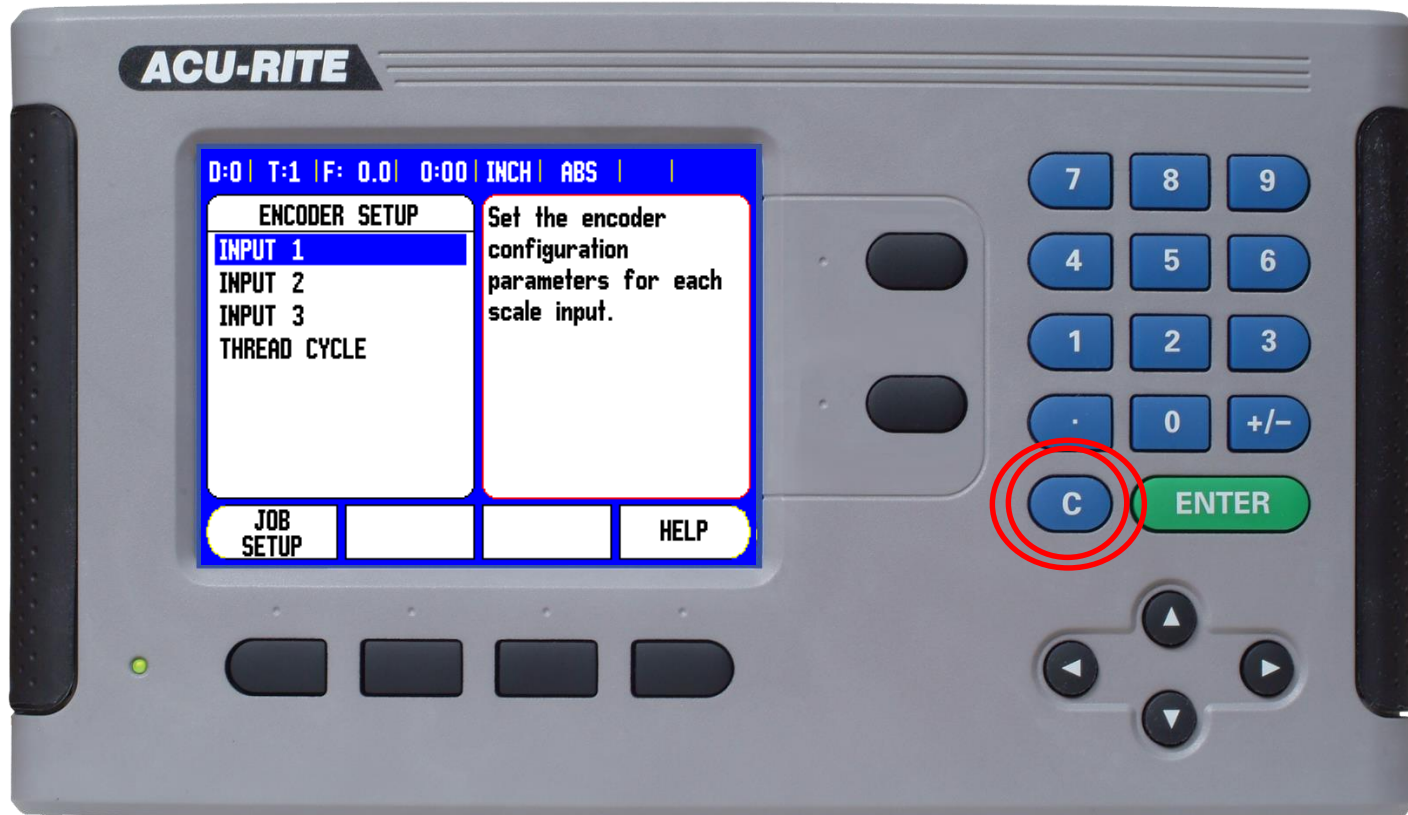

Use the ▲ or ▼ arrow soft keys to highlight the “COUNT DIRECTION” box (shown on the next page).

# ACU-RITE® 300S: Changing Count Direction

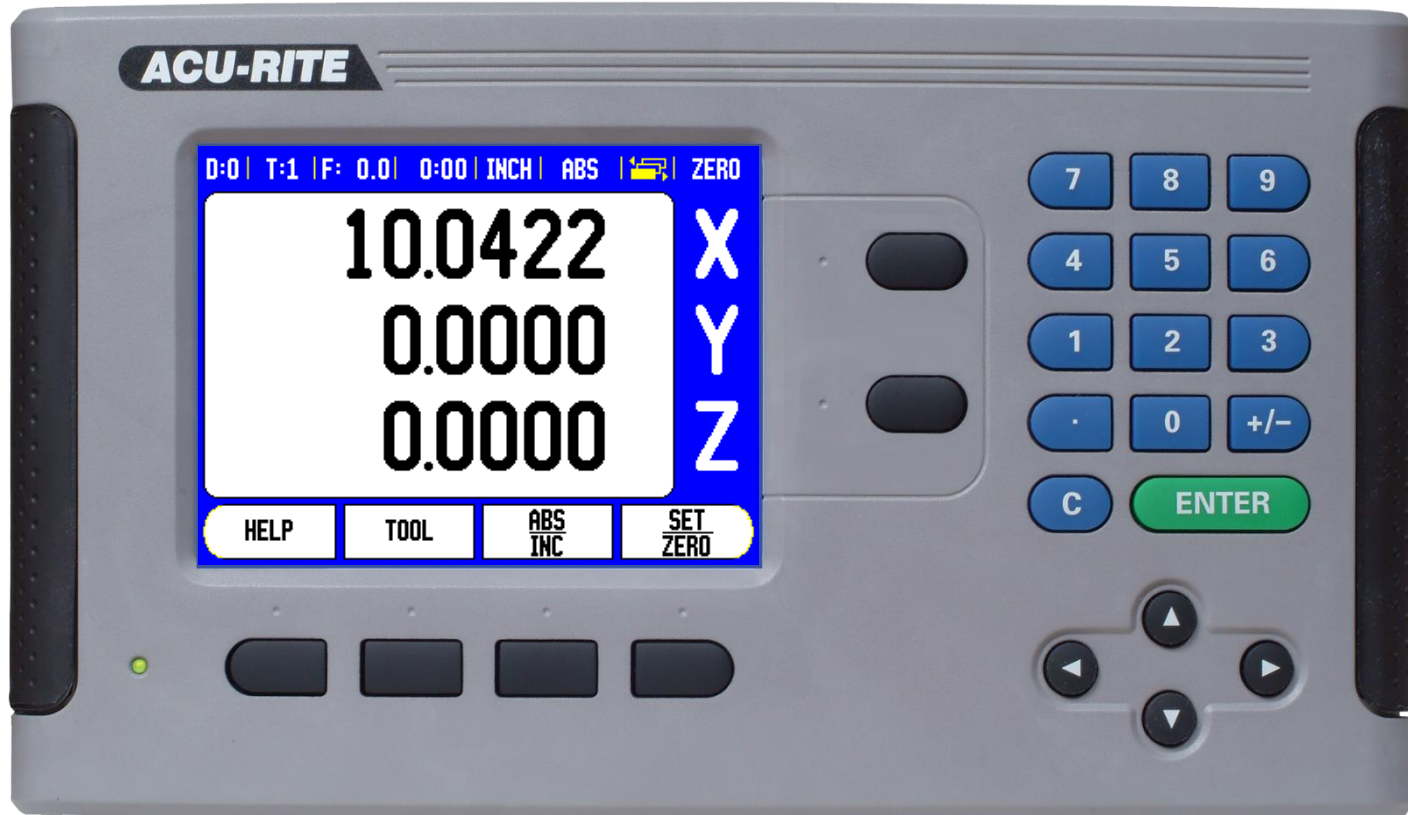

Press the “POSITIVE / NEGATIVE” soft key ***once*** to change the count direction, and then press **ENTER** to save your change.

# ACU-RITE® 300S: Changing Count Direction

Press the **C** soft key as many times as needed to return to the home screen.

# ACU-RITE® 300S: *Changing Count Direction*

Your DRO should now display the correct count direction for your scale.
